Be aware that your pet's diet may have varied while away from home.

Your pet may have barked at other pets, or the temperature and humidity may have been slightly different from your home. This can create problems such as sore throat, tonsillitis, or diarrhea. We seek to prevent such problems, but you must understand that these problems do sometimes develop, even with the best of care. Owners will be charged appropriate fees for all treatment and medication needed for reasons that are not directly under our control.

I would like a half-price bath the morning of my pet's departure: \_\_\_\_\_
